Building
337 Boston Rd
Billerica MA 01821
(978) 663-3321

Welcome,

We are delighted that you have chosen our office to care for your dental needs. We are proud to provide gentle, family oriented dental care to the adults and children of our community. Our office combines the latest dental technology together with care and compassion. We offer treatment in preventive, general, cosmetic and restorative dentistry.

Enclosed is a patient information form that you need to complete at your convenience. Please bring it with you to your appointment. If you have dental insurance bring a copy of your ID card.

We work closely with you and your insurance company to determine what your benefits are and estimate what your co-payments will be for each visit. Keep in mind that very few policies provide 100% coverage for your dental work. We try our best to determine what your co-payments will be prior to your dental visits. However, it is only an estimate that we can provide. The insurance companies make the final determination of what benefits they will pay. If there is a remaining balance after you have made your copayment and your insurance has paid their portion, a final bill will be sent to you.

We have also enclosed a Notice of Privacy Practices and form to sign that acknowledges that you received them. Please sign this form and bring it with you also.

We feel that your time is important, therefore, we do not double book our patients. Your appointment time is reserved for you and you alone, so when cancellations happen, as little as an hour ahead of time. Our policy is that there will be charges for broken or cancelled appointments without 24-hour notice.

If you have any questions regarding any of our policies, please feel free to call our office, we will be happy to assist you. We look forward to meeting you at your appointment!

Sincerely,

*Marjan Fakhri, D.M.D.
Merry Dental, PC*

(Should you require Pre Medication for dental visits, please be sure to contact your primary care doctor for your prescription).
